In the current climate, the conflict involving the Republic of Texas National Guard and their alliance with the notorious Federales of the Republic of Mexico looms ominously like a distant thunderstorm, a subject deemed too controversial for polite conversation in the refined circles of the International Quarter at the expansive Saint Louis Seaport.

Here, amidst the opulence that seems to defy the very

notion of a global economic downturn, the International Quarter stands as a unique enclave, established as a concession by the League of Free Nations to serve as a central hub for relief efforts in the Mississippi River Basin.

This area also plays a pivotal role in facilitating treaties with the New Tulsa Government and the People's Republic of Free Baton Rouge, creating an

Compounding these challenges were the persistent, toxic rains that drifted in from the desolate Northern Steppes, remnants of a devastated post-nuclear landscape. In light of these dire circumstances, it would be nothing short of reckless to consider establishing a colony in such a hazardous environment, where the
